## MAPLE LEAF SHORT DURATION 2010 FLOW-THROUGH LIMITED PARTNERSHIP Notice of Rollover Transaction

### PART I - FUND ROLLOVER TRANSACTION

#### The Liquidity Transaction

This notice is being sent to advise that Maple Leaf Short Duration 2010 Flow-Through Limited Partnership (the "Partnership") will be proceeding with a transaction (the "Liquidity Transaction") pursuant to which the assets of the Partnership (the "Assets") will be transferred on a tax-deferred basis to the Maple Leaf Resource Class (the "Resource Class") of Maple Leaf Corporate Funds Ltd. (the "Corporation" or "Mutual Fund"), an open-ended mutual fund corporation, in exchange for Series A shares of the Resource Class. Pursuant to the Liquidity Transaction, limited partners of the Partnership (the "Partners") will receive the Resource Class shares in connection with the dissolution of the Partnership. The general partner of the Partnership (the "General Partner") will be implementing the Liquidity Transaction in accordance with the limited partnership agreement (the "Partnership Agreement") that governs the Partnership. The Liquidity Transaction has been mutually agreed to by the General Partner and the Mutual Fund.

The effective date of the Liquidity Transaction (the "Effective Date") is expected to be *on or about September 30, 2011*. Within 60 days of the Effective Date, the Resource Class shares that the Partnership will receive as consideration for the transfer of the Assets will be distributed to the Partners on a pro rata basis and thereafter the Partnership will be dissolved. Information with respect to the Resource Class can be found on the website of Maple Leaf Funds (the "Manager") at [www.mapleleafunds.ca](http://www.mapleleafunds.ca).

#### Summary Information of the Rollover Event

- Maple Leaf Short Duration 2010 Flow-Through Limited Partnership units (CUSIP # 56531A107).
- The Conversion Ratio to the Resource Class shares will be determined based on the Net Asset Value per unit of the Partnership and the Net Asset Value per Resource Class Series A share, each as determined at the close of business on or about *September 30, 2011*. A ratio will be established such that each Partner will receive a proportionate number of Series A shares (rounded down) of the Mutual Fund, the total value of which is equivalent, based on the Net Asset Value per Resource Class Series A share, to the total market value of their units of the Partnership, based on the Net Asset Value per unit of the Partnership.
- ACB (adjusted cost base) for each unit of Maple Leaf Short Duration 2010 Flow-Through Limited Partnership and each share of the Resource Class will be determined by the General Partner upon the wind-up of the Partnership's affairs. The Partnership will dissolve within 60 days of the Effective Date. The General Partner will communicate the finalized details at that time. Partners should consult with their Investment Advisor and/or tax advisor for all tax-related matters.

**Example of what should occur in an investor's dealer account:**

1. Investor holds 400 Partnership units in their dealer account (nominee basis) with a final value of \$20.00 per unit or \$8,000.
2. Closing Net Asset Value per Series A share of the Resource Class shares on September 30, 2011 is \$10.00
3. Unit/share exchange ratio based on the above valuations would be 1:2.
4. 400 Partnership units exchanged out of the account.
5. 800 Series A shares of the Resource Class received into the account.
6. Investor holds 800 Series A shares of the Resource Class @ \$10.00/share or \$8,000 based on September 30, 2011 market valuation close.

**Note 1:** *Redemptions of the Resource Class shares ARE NOT subject to a 30 day short term trading fee. Transactions may be executed as soon as the dealer has processed the rollover details in the investors' dealer accounts and verifies with the Partnership's records.*

**Note 2:** *Not all dealers will have processed the rollover exchange based on information received by their back-office from CDS (deletion of Maple Leaf Short Duration 2010 Flow-Through Limited Partnership and setup holding of the Series A shares of the Resource Class) as well as from Maple Leaf Short Duration 2010 Flow-Through Limited Partnership since the effective date was announced on August 10, 2011.*

***Processing at the dealer level can be delayed after the rollover occurs, therefore transactions such as switches or redemptions may not be processed until the Resource Class shares have been credited to client accounts.***

***Neither the Partnership nor the Mutual Fund will accept any liability for transactions in Resource Class shares executed prior to dealer records being updated.***
